## **Report of Independent Registered Public Accounting Firm**

Board of Managers  
Nationstar Mortgage LLC

We have examined management's assertion, included in the accompanying Certification Regarding Compliance with Applicable Servicing Criteria, that Nationstar Mortgage LLC ("the Company") complied with the servicing criteria set forth in Item 1122 (d) of the Securities and Exchange Commission's Regulation AB with respect to asset-backed securities transactions for which the Company acted as servicer or subservicer involving first and second lien residential mortgage loans other than (a) transactions registered prior to compliance with Regulation AB; (b) certain residential mortgage loan securitizations backed by government-sponsored entities; and (c) privately issued securitizations that were not issued through the SEC registration process (Forms S-1 and S-3), with the exception of certain privately issued securitizations that were not issued through the SEC registration process that the Company has elected to include as required under various executed transaction agreements with investor counterparties (the "Platform") for the period as defined in Appendix B of the accompanying Certification Regarding Compliance with Applicable Servicing Criteria ("the Reporting Period"), and except for servicing criteria set forth in a) 1122 (d)(1)(iii), 1122 (d)(2)(vi), 1122 (d)(3)(i)(C), and 1122 (d)(4)(xv), which the Company has determined are not applicable to the activities performed by them with respect to the servicing platform covered by this report and b) certain or all activities related to Sections 1122 (d)(4)(i), and 1122 (d)(4)(ii), performed by vendors for which the Company is not the responsible party and for which the Company has determined are not applicable to the activities performed by them with respect to the primary servicing platform covered by this report. See Appendix B of the accompanying Certification Regarding Compliance with Applicable Servicing Criteria for the asset backed transactions covered by the Platform. Management is responsible for the Company's compliance with those servicing criteria. Our responsibility is to express an opinion on management's assertion about the Company's compliance with the servicing criteria based on our examination.

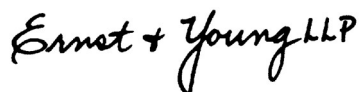

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the applicable servicing criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing of less than all of the individual asset backed transactions and securities that comprise the platform, testing of less than all of the servicing activities related to the Platform and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the servicing criteria and as permitted by Regulation AB Compliance and Disclosure Interpretations of the Division of Corporation Finance, Section 200.06, "Vendors Engaged by Servicers" (C&DI 200.06). Furthermore, our procedures were

limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to determine whether errors may have occurred either prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report for the selected transactions or any other transactions. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

As described in management's assertion, for certain activities in servicing criteria 1122 (d)(2)(i) and all activities in 1122 (d)(4)(xi) and 1122 (d)(4)(xii), the Company has engaged various vendors to perform the activities required by these servicing criteria. The Company has determined that these vendors are not considered a "servicer" as defined in Item 1101(j) of Regulation AB, and the Company has elected to take responsibility for assessing compliance with the applicable servicing criteria applicable to each vendor as permitted by C&DI 200.06. As permitted by C&DI 200.06, the Company has asserted that it has policies and procedures in place designed to provide reasonable assurance that the vendors' activities comply in all material respects with servicing criteria applicable to each vendor. The Company is solely responsible for determining that it meets the SEC requirements to apply C&DI 200.06 for the vendors and related criteria as described in its assertion, and we performed no procedures with respect to the Company's eligibility to apply C&DI 200.06.

In our opinion, management's assertion that the Company complied with the servicing criteria set forth in Item 1122 (d) of the Securities and Exchange Commission's Regulation AB, including certain activities in servicing criteria 1122 (d)(2)(i) and all activities in servicing criteria 1122 (d)(4)(xi) and 1122 (d)(4)(xii), for which compliance is determined based on C&DI 200.06 as described above, as of December 31, 2019 and for the Reporting Period for the Primary Servicing Platform, is fairly stated, in all material respects.

The signature of Ernst & Young LLP is written in a cursive, handwritten style.

2. 5. Nationstar has complied, in all material respects, with the applicable servicing criteria as of December 31, 2019 and for the Reporting Period with respect to the Platform taken as a whole;
6. Ernst & Young LLP, a independent registered public accounting firm, has issued an attestation report on Nationstar's assessment of compliance with the applicable servicing criteria for the Reporting Period.
